THE JACK PERRY AWARD

In February 2013, the College Park City Council unanimously adopted Council Resolution 13-R-04 establishing an award in recognition of Councilman John Edward "Jack" Perry.

Councilman Perry served on the College Park City Council from 1979 to 1983 and from 1989 to 2011, for a total of 26 years. From the

time he moved to College Park's Berwyn neighborhood in 1969, until his death in 2012, Jack was deeply committed to serving his community, which he demonstrated by spending many hours working to improve the quality of life for all who lived and worked in College Park. Through the years, he volunteered on numerous associations, boards, coalitions, task forces and committees at the neighborhood, city, county and state levels. This Award will recognize a member of the community who emulates Councilman Jack Perry's legacy of public service.

Eligibility: To be eligible for the award, a person must be at least 18 years of age and a registered voter or legal resident of College Park.

Criteria: The Jack Perry award will recognize a College Park resident who has participated to an extraordinary degree in neighborhood, civic, or municipal affairs within the City in a manner that improves public spaces, fosters community cohesion, eradicates blight, informs discussion of public issues, provides leadership, and/or furthers the best interests of the City as a whole.

Nominations: From May 15 to July 15 each year, any resident, neighborhood association or organization in the City may submit a nomination for the Jack Perry Award. Nominations should be submitted in writing to the City Clerk for the City of College Park, 4500 Knox Road, College Park, MD, 20740, or by e-mail to jsmiller@collegeparkmd.gov. Nominations will be reviewed by a Committee that includes a member of the Perry family. This non-monetary award will be presented by the City Council in the fall.

MOSQUITO PROGRAM 2013

The Mosquito Control Program for 2013 has begun for the City of College Park. The program consists of larviciding, surveillance, and possible spraying in the areas where mosquitoes occur. Known breeding areas in the community will be checked by Maryland Department of Agriculture (MDA) personnel for the presence of larvae and may be treated if necessary. Spraying, to control flying adults, also performed by MDA, may occur if count thresholds are met at the time of scheduled applications.

Residents are strongly urged to eliminate any standing water on their property or treat it with a larvicide. The Asian Tiger mosquito is active during the day and can breed in a very small amount of standing water. Inspect your yard for water-holding containers including tires, buckets, and flower pots and dispose of them or store them upside down. Corrugated drain pipes fitted to gutters are often a perfect place for mosquitoes to breed!

Prevent mosquito breeding by changing water weekly in bird baths, wading pools and pet dishes. Gutters should be cleaned at least twice a year. Adult mosquito surveillance by MDA personnel will begin in June, and spraying may occur on Wednesday nights if the spray criteria are met. Report mosquito problems, spray requests, and spray objections to Public Works at 240-487-3590.
